SUMMARY

Frontend / full-stack developer shipping product flows end to end - auth, databases, and checkout, not just UI. Built a Next.js sneaker storefront with real Postgres inventory, orders, and an admin stock panel, plus a cross-platform Expo + Supabase app with Auth and RLS. In parallel I lead a logistics team at Stellantis: deadlines, cross-team blockers, and delivery under pressure. Based in Katowice; open to remote roles in Poland.

HARD SKILLS

Frontend

- HTML5, JSX, TSX, CSS3 (Flexbox, Grid), SASS/SCSS, Modular CSS, BEM, Tailwind
- JavaScript (ES6+), TypeScript, Next.js
- React: Hooks, Context, React Router, Protected Routes
- Responsive UI, Accessibility (a11y)
- Error handling, loading states, edge-case UX
- REST API integration (CRUD, auth flows)

Mobile:

- React Native, Expo, Expo Router

State Management

- Redux, TanStack Query (server state, caching, async data handling)

Tools & Workflow

- Git, GitHub (branches, pull requests, collaborative workflow), Kanban board
- Vite, VS Code, ESLint/Prettier, Chrome DevTools, Vitest, Zod / RHF
- Deploy, CI/CD (Vercel), Docker

Backend / Fullstack

- Node.js
- Next.js (SSR, routing, API routes)
- Supabase (auth, DB, RLS)
- Prisma / Auth.js / PostgreSQL

Design

- Figma, Pencil.dev

PROJECTS

- **DROPX Store | Next.js · TypeScript · Prisma · Auth.js · PostgreSQL** · Live at <https://dropx-store.vercel.app/> · [<https://github.com/ep1cvoice/dropx-store>]. This is a full sneaker storefront: catalog filters, live search, authenticated cart/wishlist, multi-step checkout with stock decrement, order history and admin panel for stock management. Product-shaped portfolio app (payment mocked; commerce data real in Postgres).
- **FlowTodo | Expo · React Native · TypeScript · Supabase** · [<https://github.com/ep1cvoice/flowtodo-expo-supabase>]. A cross-platform todo (iOS / Android / web): Supabase Auth, tasks/categories/tags with RLS, Pomodoro and theme settings. Port of a collaborative NextTodo codebase.
- **WebDev Cards | React · Vite · Supabase · TypeScript** | [github.com/ep1cvoice/WebDev-Cards] Full-featured SPA for managing developer knowledge cards. Authentication with protected routes, full CRUD, pagination, search, filtering, sorting, and auto dark/light theme. Built to practice advanced React patterns: Context API, custom hooks, memoization.
- **My personal portfolio landing page | React · Vite · Three.js · Swiper.js** · Live at <https://www.pavelcode.dev/> | [<https://github.com/ep1cvoice/portfolio-landing>] Personal portfolio with a live 3D particle wave (Three.js + sine math), typewriter hero animation, and scroll-triggered reveals, i18n (EN/PL/RU). Fully responsive. Includes SEO meta tags and Open Graph setup for social sharing. Showcases shipped projects and stack.
- **NextTodo | React SPA · TypeScript · Node.js · Express** | [<https://github.com/matt400/NextTodo>] (collaborative) Collaborative todo app built with a teammate — practiced shared Git workflow, async data fetching, and backend integration.

EDUCATION

Computer Science – Bachelor of Engineering (3rd year, in progress)
WSB Merito University, Chorzów (2022 – present)

Tourism and Gastronomy – Bachelor's Degree
Opole University of Technology (2016 – 2019)

PROFESSIONAL EXPERIENCE

Stellantis Gliwice – Deputy Team Leader (01.2023 – Present)

- Delegated daily tasks and supervised production processes for a team of ~30 people
- Coordinated with multiple departments (logistics, quality, HR) to resolve operational blockers
- Rolled out new process standards across the team, adapting procedures on short notice

SQS Holding S.A. – Operations Coordinator (03.2022 – 02.2023)

- Led day-to-day operations for a team of 100+ people across shifts and workflows
- Launched the ESTRA site in Zabrze from scratch - planning, staffing, and process setup
- Owned scheduling, conflict resolution, reporting, and documentation under tight deadlines

LANGUAGES

- Polish – fluent
- English – B2 (technical docs + interviews)
- Ukrainian – native
- Russian – fluent

KLAUZULA RODO

Wyrażam zgodę na przetwarzanie moich danych osobowych zawartych w CV w celu prowadzenia rekrutacji na stanowisko, na które aplikuję (zgodnie z Rozporządzeniem Parlamentu Europejskiego i Rady (UE) 2016/679 – RODO).

Wyrażam również zgodę na przetwarzanie moich danych osobowych na potrzeby przyszłych rekrutacji.
